MS - National Chair

Kamal Dureja
MS - Local Chair

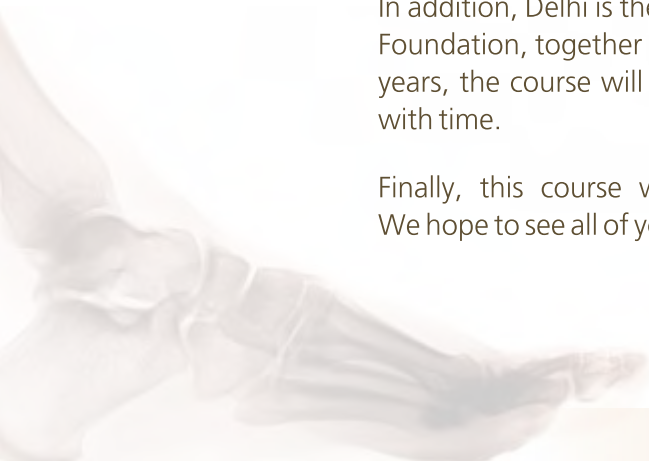

Dear Colleagues and Friends,

January 2012 marks the anniversary of the 3rd Annual Indo-US Foot and Ankle Surgery Conference. The goal of this course is to bring together orthopaedic leaders from the United States and India in order to create a fertile environment to share experiences and techniques. We have gathered a fantastic list of faculty members, including some of the global thought leaders of total ankle replacement. In fact, this year, we hope to bring you the first total ankle replacement in India in the form of a live surgery.

As always, the course will encompass live surgeries, didactic sessions, workshops, and “camp-fire” sessions where attendees are asked to bring some of their own challenging cases in a Power Point file. These cases will then be discussed by our esteemed faculty.

This year will be a real inflection point for our meeting.....hopefully galvanizing this course as a tradition for the orthopaedic community in India. As the capital of India, Delhi serves as a major center for the Indian government. In addition, Delhi is the home of Max Hospital, one of the leading hospitals in this region of India. The Parekh Family Foundation, together with Max Hospital, have collaborated together to bring you this exciting course. With coming years, the course will continue to travel throughout India, bringing the content closer to all areas of the country with time.

Finally, this course would not have been possible without the support of the Parekh Family Foundation. We hope to see all of you in Delhi, for what is planned to be a great course and a continuing tradition!

Course Highlights

- Didactics From Sports Injuries, Arthritis, Tendon Work And Reconstruction, And Arthroscopy
- Case Reviews And Discussions
- Live Surgical Demonstrations Of Forefoot, Midfoot, And Hindfoot Pathologies, Including A Total Ankle Replacement

Faculty
